

Wesley Baker

TECHNOLOGY MANAGER

CAREER HISTORY

Wes Baker is a trusted IT adviser with 15+ years experience in the Information Technology industry. Wes' experience comes from working with public and private organizations in Northern California to assess, analyze, design, and recommend a variety of IT solutions.

Wes is passionate about helping organizations achieve success when implementing complex technology solutions. As a Technology Manager for officemorph, he maintains a fun and positive approach while working through the technology vendor selection process. Furthermore, Wes assists customers, colleagues, and partners to understand, implement, and maintain practical uses of technology.

In his free time, Wes is jamming in his band and playing rock shows throughout Northern California. He also enjoys camping, reading, and traveling.
